

Greater Sydney Landcare Network

... communicate

... collaborate

... celebrate!

- Are you interested in a network that links landcare, bushcare, and other environmental groups across the Greater Sydney region;
- That provides an opportunity to hear what others are doing in natural resource management;
- That offers opportunities to collaborate across LGA boundaries?

We are looking for community groups to become foundation members of a network which does just that!

To express your interest in the Greater Sydney Landcare Network or to find out more contact: **Vanessa Keyzer - Regional Landcare Facilitator**
