

NATURE TREASURE HUNT

Exploring the outdoors is great fun! Head out on a nature treasure hunt to discover colours, patterns and textures. Explore a new corner of your favourite park, or go somewhere new!

Before you set out, get to know the Bushcare Ranger Way. These tips will help keep you and the bush happy!

Leave no trace!

Nature's treasures all belong in the bush not in your pockets.

Always take home what you brought with you, leave no evidence that you were there.

Leave animals homes for the animals!

Respect animals' homes by leaving rocks, twigs and leaf litter where you find them.

NATURES TREASURES
