RANGERS

NATURE TREASURE HUNT

Exploring the outdoors is great fun! Head out on a nature treasure hunt to discover colours, patterns and textures. Explore a new corner of your favourite park, or go somewhere new!

Before you set out, get to know the Bushcare Ranger Way. These tips will help keep you and the bush happy!

Leave no trace!

Nature's treasures all belong in the bush not in your pockets.

Always take home what you brought with you, leave no evidence that you were there.

Leave animals homes for the animals!

Respect animals' homes by leaving rocks, twigs and leaf litter where you find them.

NATURES TREASURES		Take a photo of each treasure to keep as a lasting memory
1.	An open seed pod	Is there something inside the pod?
2.	A cool rock	What colour and texture is it?
3.	Colour match a piece of your clothing to a natural object	What object did you find to match?
4.	Collect something you think is a treasure	What is it?
5.	Collect 3 pieces of litter	What are they?
6.	A leaf changing colour	What type of leaf have you found?
7.	An object starting with the same letter as your name	Can you find something for all the letters of your name?
8.	Something fuzzy	What is it?
9.	A feather	Who did the feather belong to?
10	. Native flower	How many petals does your flower have? What colour is the flower?
